

# Glass - overview

## Celsius toughened glass, keeping you cooler in summer and warmer in winter

- Heat rejection and thermal insulation, outperforming standard glass
- Rainfall and traffic noise reduced
- Blue tint reduces glare, whilst providing good light level all year round
- Destructive UV rays are reduced by up to 88%
- Toughened to BS EN 1279
- 20 year warranty against seal failure
- Easy clean coating, reduces maintenance and prevents unsightly marks appearing
